Describe the educational and informational objective of the program and how it meets the definition of Core Programming:

Set in medieval times, Jane and the Dragon is an animated show that hails from Martin Baynton's best selling books about a middle class girl named Jane. She is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Based on Mordecai Richler's books, Jacob Two-Two is an animated show about the challenges of a little boy, the youngest of five siblings. Jacob is so small for his age he often repeats himself just so he can be heard. His parents are compassionate, but his siblings are not, and Jacob has to be resourceful and inventive in learning how to assert himself, overcome his fears, get along with others, and still enjoy his childhood. He manages to turn even the most inconsequential events into adventures with his friends, Buford and Renee. Every adventure teaches him a life lesson, from learning how to be responsible to figuring out how to manage a bully. In addition, there are implicit lessons that promote a love for learning and language development usually conveyed through Jacob's father, a full-time writer.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Inspired by children's everyday life, Dragon is an animated show that is based on the book series by author and illustrator, Dav Pilkey. The show follows a little blue dragon as he faces his daily challenges. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a much different perspective and sometimes that leads to trouble. As each story unfolds, the audience learns to see things in different ways, much like Dragon, and they learn how to problem-solve through everyday challenges. Dragon shows how to take care of a pet, discover new places, or how to find the right hobby.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

3-2-1 Penguins! and Larryboy Stories draws upon characters from two stories and uses both long and short-form material involving these characters to provide socio-emotional messages to children. 3-2-1 Penguins! features two children, Jason and Michelle, whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy penguins comes to life. The children are sucked into the spaceship, where they meet the now live penguins and journey through space, to solve an inter-galactic disaster threatening the penguins and their friends. Each story begins with a problem, a moral dilemma for one of the siblings that affects his/her relations with the other, and ends after the children have learned an important socio-emotional message through their adventure with the penguins. The show communicates messages on topics such as honesty, being patient with others, and avoiding jealousy. Larryboy Stories is about a young cucumber-janitor named Larry from the Daily Bumble who assumes a superhero persona to fight crimes and save lives, bringing peace and safety to the small town of Bumblyburg. In doing so, Larry takes us through adventures where he and his viewers learn core values of honesty, friendship, respect for others, forgiveness, and love for all through socio-emotional messages embedded within the story.
